

A high-angle photograph of a person rock climbing a steep, layered rock face. The climber is wearing a white t-shirt, dark shorts, a red cap, and a climbing harness. They are positioned in the center-right of the frame, reaching up towards a horizontal rock ledge. The rock face is composed of distinct, light-colored horizontal layers. To the left of the climber, a blue rope is visible, likely part of the climbing system. The background on the left shows some green foliage. The overall scene is brightly lit, suggesting a sunny day.
